A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE WATERLEAF COMMUNITY DEVELOPMENT DISTRICT IMPOSING SPECIAL ASSESSMENTS; PROVIDING FOR COLLECTION AND ENFORCEMENT OF SPECIAL ASSESSMENTS; ADOPTING AND CERTIFYING AN ASSESSMENT ROLL; PROVIDING FOR AMENDMENT OF THE ASSESSMENT ROLL; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Waterleaf Community Development District ("District") is a local unit of special-purpose government established pursuant to Chapter 190, Florida Statutes for the purpose of providing, operating and maintaining infrastructure improvements, facilities and services to the lands within the District; and

WHEREAS, the District is located in Hillsborough County, Florida ("County"); and

WHEREAS, the District owns and operates various infrastructure improvements and provides certain services in accordance with Chapter 190, Florida Statutes; and

WHEREAS, the Board of Supervisors ("Board") of the District hereby determines to undertake various operations and maintenance activities described in the District's budget for fiscal year 2018/2019 ("Budget"), attached hereto as Exhibit "A" and incorporated as a material part of this Resolution by this reference; and

WHEREAS, the District must obtain sufficient funds to provide for the operation and maintenance services and facilities provided by the District as described in the District's Budget; and

WHEREAS, the provision of such services, facilities, and operations is a benefit to lands within the District; and

WHEREAS, Chapter 190, Florida Statutes, provides that the District may impose special assessments on benefitted lands within the District; and

WHEREAS, Chapter 197, Florida Statutes, provides a mechanism pursuant to which such special assessments may be placed on the County Tax Roll and collected by the County Tax Collector ("Uniform Method"); and

WHEREAS, the District has, by resolution and public notice, previously evidenced its intention to utilize the Uniform Method; and

WHEREAS, the District has approved an agreement with the Hillsborough County Property Appraiser ("Property Appraiser") and Hillsborough County Tax Collector ("Tax Collector") to provide for the collection of special assessments under the Uniform Method; and WHEREAS, it is in the best interests of the District to proceed with the imposition of the special assessments on all assessable lands for operations and maintenance in the amount contained in the Budget; and

WHEREAS, the District desires to levy and collect special assessments reflecting each parcel's portion of the District's Budget; and

WHEREAS, it is in the best interests of the District to adopt the Assessment Roll of the District ("Assessment Roll") attached to this Resolution as Exhibit "B" and incorporated as a material part of this Resolution by this reference, and to certify a portion of the Assessment Roll on the parcels designated in Exhibit "B" to the Tax Collector pursuant to the Uniform Method and to directly collect a portion of the assessments on the parcels designated in Exhibit "B" through the direct collection method pursuant to Chapter 190, Florida Statutes; and

WHEREAS, it is in the best interests of the District to permit the District Manager to amend the Assessment Roll adopted herein, including that portion certified to the Tax Collector by this Resolution, as the Property Appraiser updates the property roll, for such time as authorized by Florida law.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE WATERLEAF COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. BENEFIT. The provision of the services, facilities and operations as described in **Exhibit "A"** confer a special and peculiar benefit to the lands within the District, which benefits exceed or equal the costs of the assessments. The allocation of the costs to the specially benefited lands is shown in **Exhibits "A"** and **"B"**.

SECTION 2. ASSESSMENT IMPOSITION. Pursuant to Chapter 190 of the Florida Statutes, and using procedures authorized by Florida law for the levy and collection of special assessments, a special assessment for operation and maintenance is hereby imposed and levied on benefited lands within the District in accordance with **Exhibits "A"** and **"B"**. The lien of the special assessments for operations and maintenance imposed and levied by this Resolution shall be effective upon passage of this Resolution.

SECTION 3. COLLECTION AND DUE DATE.

A. Uniform Method Assessments. The collection of the previously levied debt service assessments and operation and maintenance special assessments on a portion of the platted lots and developed lands shall be at the same time and in the same manner as County taxes in accordance with the Uniform Method, as set forth in Exhibits "A" and "B."

B. Direct Bill Assessments. The annual installment for the previously levied debt service assessments, and the annual operations and maintenance assessments, on a portion of the undeveloped and unplatted lands will be collected directly by the District in accordance with Florida law, as set forth in Exhibits "A" and "B." Assessments directly collected by the

District are due in full on December 1, 2018; provided, however, that, to the extent permitted by law, the assessments due may be paid in several partial, deferred payments and according to the following schedule: 50% due no later than December 1, 2018, 25% due no later than February 1, 2019 and 25% due no later than May 1, 2019. In the event that an assessment payment is not made in accordance with the schedule stated above, the whole assessment - including any remaining partial, deferred payments for Fiscal Year 2018/2019, as well as any future installments of special assessments securing debt service - shall immediately become due and payable; shall accrue interest, penalties in the amount of one percent (1%) per month, and all costs of collection and enforcement; and shall either be enforced pursuant to a foreclosure action, or, at the District's sole discretion, collected pursuant to the Uniform Method on a future tax bill, which amount may include penalties, interest, and costs of collection and enforcement. Any prejudgment interest on delinquent assessments shall accrue at the applicable rate of any bonds or other debt instruments secured by the special assessments, or, in the case of operations and maintenance assessments, at the applicable statutory prejudgment interest rate. In the event an assessment subject to direct collection by the District shall be delinquent, the District Manager and District Counsel, without further authorization by the Board, may initiate foreclosure proceedings pursuant to Chapter 170 of the Florida Statutes or other applicable law to collect and enforce the whole assessment, as set forth herein.

C. Future Collection Methods. The decision to collect special assessments by any particular method – e.g., on the tax roll or by direct bill – does not mean that such method will be used to collect special assessments in future years, and the District reserves the right in its sole discretion to select collection methods in any given year, regardless of past practices. The District certifies all assessments for debt service and operations and maintenance for collection pursuant to Chapters 190 and 197, Florida Statutes. All assessments collected by the Tax Collector shall be due and payable as provided in Chapter 197, Florida Statutes.

SECTION 4. ASSESSMENT ROLL. The District's Assessment Roll, attached to this Resolution as **Exhibit "B"**, is hereby certified and adopted.

SECTION 5. ASSESSMENT ROLL AMENDMENT. The District Manager shall keep apprised of all updates made to the property roll by the Property Appraiser after the date of this Resolution, and shall amend the District's Assessment Roll in accordance with any such updates, for such time as authorized by Florida law. After any amendment of the Assessment Roll, the District Manager shall file the updates to the tax roll in the District records.

SECTION 6. SEVERABILITY. The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof.

SECTION 7. EFFECTIVE DATE. This Resolution shall take effect upon the passage and adoption of this Resolution by the Board of Supervisors of the Waterleaf Community Development District.

Management Summary

Overall, the ponds within the Waterleaf CDD have responded well to the routine algae and invasive weed treatments. Pond #13 had shown excellent results following several treatments to control the algae and submersed Slender Spikerush. No surface algae or Slender Spikerush was present, minor submersed Spikerush remains. Pond #1 had shown a positive reduction of algae following treatment applied on 7/16, which will be monitored. Shorelines were inspected for abnormal growth, which was only identified along portions of Pond #20 with minor new growth of Pennywort. Algae was identified within Ponds #1, #2 and #12, which will be targeted during routine maintenance visits. Native vegetation throughout the community is providing exceptional nutrient reduction, bank stabilization, sedimentation control, and aesthetics. Native vegetation throughout the community will continue to be promoted by ASI staff for these benefits.

When native vegetation is planted within storm water retention ponds they provide habitat for other desirable native wildlife such as fish, birds, invertebrates, and dragon flies which will feed on mosquito. Native vegetation will take root into the banks and provide sediment stability to control erosion and accumulation. This vegetation also provides a border to prevent unwanted debris, grass clippings, leaves, fertilizers, and other items which would cause excessive nutrient spikes within the pond. Combined, all these supplemental additions provide longevity and aesthetics for a pond that looks great and performs its duty well. Pond #13 would benefit the most from a planting based on the size and depth of the area. Nutrient levels and sunlight penetration are the issues and planting native vegetation would remedy these problems.

Algae is a typical nuisance plant during the warm summertime months throughout Florida. Increased sunlight and nutrification allow these algae and bacteria to grow rapidly and unchecked. Nutrient levels are one of the main factors that leads to over growth of algae within the storm water retention systems. Natural ponds are able to balance nutrient levels through decomposition, production and consumption within the system. Plants and animals cannot keep up with the cycling of nutrients when massive amounts are being introduced to the storm water system periodically. Once eutrophication occurs algae or invasive weeds are almost certain to develop in unwanted and sometimes dangerous levels. Grass clippings, over fertilization, run-off, pollution, depth, grade, and type of land are all factors that can and will affect eutrophication of aquatic systems.

NOTE: ASI recommends planting native vegetation within the shallow area of Pond #13. Plants will increase the aesthetic view and allow increased filtration reducing algae growth throughout the pond.

Recommendations/Action Items

- Routine Maintenance.

- Continue to monitor all ponds for Algal growth and target on contact.

- Target the minimal Algae within Pond #1, #2 and #12.

- Continue to treat all sites for invasive vegetation during our routine visits.

- Monitor submersed treatment within Pond #13.

NOTE: ASI recommends planting native vegetation within the finger of Pond #13 due to the shallow nature of the area, which is ideal for algal growth.

THANK YOU FOR CHOOSING ASI!
